Dear Rev. Dr. Craig Williford:

I am writing to express the desire of the Montavilla Neighborhood Association for Multnomah University to come into compliance with the provisions of its Impact Mitigation Plan (IMP), specifically the criteria set forth in 33.848.070(J).

A neighbor living adjacent to Multnomah University's campus complained to us that Multnomah University has not been in compliance with its Impact Mitigation Plan and is now proceeding with early plans for a development project.

We request written response as to our request that Multnomah University comply with the IMP that is in place and specifically request that you give notice on plans that may be in progress consistent with 33.848.070(J).

This letter was approved by a vote of the Montavilla Neighborhood Association Board of Directors on April 10th, 2017.

Sincerely,

Benjamin Kerensa
Board Chair
Montavilla Neighborhood Association
